

***Call for papers - EAWOP Small Group Meeting
on Dark Personalities in Organisations***

@Seeburg Castle University, Seeburgstraße 8, 5201 Seekirchen am Wallersee, Austria

July 17th-19th, 2024

We are looking for **20 innovative presentations** of unpublished research to be submitted to the EAWOP SGM on *Dark Personalities in Organisations*. This research should address the Dark Triad/Tetrad traits collectively or individually, or other so-called dark personality traits (e.g., borderline personality, authoritarianism) in an organisational context. As a result of the SGM, we plan to propose a Special Issue to the *European Journal of Work and Organizational Psychology (EJWOP)*. In addition to the academic focus, **2 workshops** will be held at the SGM and we are happy for any applications for one of these workshops:

- 1) A workshop led by an expert practitioner that covers the coaching and training field
- 2) A workshop led by a policymaker that covers the political field

Abstract submission: We invite abstract submissions for both the presentations and workshops until January 20th, 2024, via our EAWOP SGM page: <https://www.uni-seeburg.at/eawopsgm> (Abstract without Title of max. 1000 characters including spaces); submission results will be sent to the First Author/presenter in March 2024

Working paper submission deadline (voluntary): May 20th, 2024 (all academic presenters will be invited to submit a working paper for the Best Working Paper Award; submitted papers must not have been submitted, published, or accepted for publication; more information will be sent after acceptance)

With kind regards from your organising committee,

Sandra J. Diller, Clemens Hutzinger, Peter Jonason, & Susanne Braun
